Handcrafted™, The World of Surface Protection.

NanoSurface protective surface should be used on all surfaces that require a protective barrier of the finish, even against acid rain, salt, and graffiti.

Directions For Use:

1. Wash the area to be treated with mild soap and water.
2. Completely remove all wax and oil, wax, or other sealants the bonding process.
3. Apply the area to be treated with NanoSurface protective finish and water with a microfiber cloth.
4. Dry as you generally would. There is no buffing, wiping, or polishing involved.
5. Wipe off the excess with a clean, dry microfiber cloth with a circular motion.
6. When your surface is ready to keep your NanoSurface finish, NanoSurface is fully protected and ready to use.

Ingredients: Quartz, Water, Silicon Dioxide, Nano Powder, Propylene Glycol, Surfactant, Surfactant, Propylene Glycol, Water.

Quantity: 16.9 fl. oz. (500 ml)
