OEM	gewoonte kleur en LOGO afdrukken.

500ml PVC-flesje met vloeibaar wasmiddel

NanoSurface protective surface should be used on all surfaces that require a protective barrier of the finish, even against acid rain, salt, and graffiti.

Directions For Use:

1. Wash the area to be treated with mild soap and water.
2. Completely remove all wax and old seal, as these will inhibit the bonding process.
3. Apply the seal to the treated area with NanoSurface protective product and wipe with a microfiber cloth.
4. Dry as you generally would. There is no buffing, wiping, or polishing involved.
5. Wipe off the NanoSurface liquid sealant with a clean cloth.
6. When your finished surface is dry, spray your NanoSurface product.

Re-Apply every 6 months to keep your NanoSurface product.

Ingredients: Quartz, Carbon, Silicon Dioxide, Nano Powder, Propylene Glycol, Surfactant, Solvent, Pure, Food Grade, NanoSurface.
