

HDPE Plastic Bottles Wholesale

HDPE plastic bottles are one of our main products, they are a narrow-mouthed and tall container that made of a plastic HDPE material, whose full name is high-density polyethelene, it is a white powder or granular product, non-toxic, tasteless, which typically recycled and has the number "2" as its resine identifier. The natural color of HDPE bottle is white, not clear and opaque.

Our empty HDPE bottles are widely used in cosmetic, household, chemical and pharmaceutical packaging, they are different from the design, capacity, usage and lid. we own many ready-made HDPE bottle mold, they are round or square shape, featured by non-toxic, non-harmful, food grade.

HDPE plastic bottles are blowing molding, they are produced by fixing a bottle mould to a a blowing machine, putting HDPE virgin material into machine, using high-temperature melting material, and the melted liquid flows into the bottle mould, finally the desired bottle shape is extruded from the mold.

As a professional HDPE bottles manufacturer, we own our factory, blowing molding department, printing department and label sticking department, we can custom more different design of HDPE bottles from 20ml to 5 liter.

We wholesale our empty HDPE bottles all over the world, for our ready-made HDPE bottle, we can quickly manufacture and ship them to you. If there is no HDPE bottle that you want, contact us to make new mold for your design. Here we show you our hotsale Top 10 HDPE bottles for your reference.
